

## Announcing the SER-CAT Outstanding Science Award

The SER-CAT Science Committee is offering an award for outstanding science supported by SER-CAT data published in the past calendar year. The Outstanding Science Award is open to any researcher or research group carrying out activities at SER-CAT.

The award will be presented at the annual SER-CAT Symposium. The recipient of the award will also be invited to present a 40-minute lecture on his/her research related to the award at the symposium. In addition, the winner's name and institution will be recorded on the master plaque displayed at Sector 22.

### Nominations for this award must include the following:

- A one-page description of the work for which the award is proposed (*note SER-CAT must have played an important role in the work described*)
- A single publication related to the work published during the eligible year together with a statement describing the significance and impact of the work (*note SER-CAT must be properly acknowledged in the publication and related PDB files*)
- A current CV
- Names of two individuals that have agreed to write supporting letters
- The signature of the nominator

*Please note: It is the responsibility of the nominator to request supporting letters, which should be sent under separate cover.*

Complete packages (nominating information and letters) must be received no later than **February 1**.

Nominating packages and letters should be sent to:

**Prof. John P. Rose**  
Chairman SER-CAT Science Committee  
Room B204B Davison Life Sciences Complex  
University of Georgia  
Athens, GA 30602
